Technical Details

Our graphics printing service does not include artwork. Kindly use the following guidelines when preparing your files for production:

Applications Preferred

Adobe Illustrator (cc)

Adobe Photoshop (cc)

File Format

.esp .pdf .ai

.psd .tiff .jpg

To allow for the best results before printing, images used should be set up to the following spec:

1/4 size @ 400-600dpi · 1/2 size @ 200-300dpi · Full Size @ 52-72dpi

Please embed all images used and convert all RGB artwork to CMYK.

Errors can arise when using files created by packages such as Microsoft Word, Excel and PowerPoint. Accordingly, the supply of formats such as gif, bmp and low resolution jpg is not advised.

Any file manipulation or studio time will incur a charge of £50.00 per hour.
